

JUNIOR MEMBERSHIP OVERVIEW

The Gator Bowl Sports Green Jacket Committee has existed as a body of Jacksonville's strongest advocates for over 75 years. This group is comprised of men and women who are passionate about the Northeast Florida community, college athletics and networking...the green jackets continue to push forward the mission of our organization – to enhance and positively impact the quality of life and community pride in Jacksonville and generating economic impact and growth for Northeast Florida through professional and amateur sports.

Junior green jacket membership began in 2021 after Gator Bowl Sports Young Professionals began hosting many events in the community. Junior Membership is half the fee + fundraising amount as full green jacket membership. Junior Members must be under 35 years old and can only remain at the Junior Member level for two years before having to move up to full green jacket membership.
